* Plans F and G also offer a high-deductible plan in some states. (Plan F isn't available to people new to Medicare on or after Jan. 1, 2020.) If you get the high-deductible option, you must pay for Medicare covered costs (coinsurance, copayments, and deductibles) up to the deductible amount of \$2,870 in 2025 before your policy pays anything, and you must also pay a separate deductible (\$250 per year) for foreign travel emergency services.

** Plans K and L show how much they'll pay for approved services before you meet your out-of-pocket yearly limit and your Part B deductible (\$257 in 2025). After you meet these amounts, the plan will pay 100% of your costs for approved services for the rest of the calendar year.

*** Plan N pays 100% of the Part B coinsurance, except for a copayment of up to \$20 for some office visits and up to a \$50 copayment for emergency room visits that don't result in an inpatient admission.
