

Cigna Rx/Drug Card members/ From Rosemarie Dempsey/Price Increase

Important Update Regarding Your Cigna RX Card – Please Read Carefully

You may have received your Annual Notice of Change (ANOC) from Cigna Saver RX.

Cigna was purchased by HealthSpring recently.

HealthSpring Extra RX (PDP) will replace your Cigna Saver RX (PDP).

The premium for the HealthSpring Extra RX (PDP) will be \$62.60/month. Vs (premium for your current Cigna Saver RX is \$12.60).

This is a revised notice regarding your RX/Drug Card options. We have alternative solutions available, including plans from Humana. Originally, we planned to assist with Humana enrollments through our Sunfire tool. However, we've just received notice that Humana will no longer allow brokers to enroll Medicare beneficiaries in their RX/Drug Card plans. These plans are now **self-enroll only**, with **no broker support or compensation**. We've attached a step-by-step guide to help you enroll if you choose a Humana plan. While we're not recommending their products due to these changes, we want to ensure you have access to a reliable RX/Drug Card for 2026.

Humana has three RX/Drug Card Solutions:

These are PA rates (Delaware rates are lower)

Humana Basic RX \$6.60/month (0-3 meds)

Humana Value RX \$19.40/month (3-5 meds)

Humana Premier RX \$123.60/month (5 plus Meds)

Remember your current Cigna RX/Drug card will be in place until **December 31, 2025**. If you decide to make a change your new RX/Drug card will start **January 1, 2026**. **If you do nothing you will be automatically enrolled in the HealthSprings Extra RX Card.**

If you have any problems with the link or need help enrolling, please reach out to Katie Dempsey at kdempsey@gvawealth.com.

All the Best,

The Dempsey Team
